

PEDRO MIGUEL ROCHA DE ATAIDES

STUDENT OF SYSTEMS ANALYSIS AND DEVELOPMENT AND CYBERSECURITY

+55 11 93029-3249 - 11 94456-7852 | pedromiguelataides@gmail.com
📍 São Paulo, SP - Brazil | [linkedin.com/in/pedro-ataides](https://www.linkedin.com/in/pedro-ataides)

PROFILE

Full Stack Developer in training with hands-on experience in web development. Background in Systems Analysis and Development, currently pursuing a degree in Cybersecurity. Experience with JavaScript, React, Node.js, Firebase (Auth and Firestore), REST APIs, email automation, and data management. Strong focus on clean code, scalable architecture, security, and Git-based version control.

PROJECTS

Clínica Dr. Roberto Nigro

- Medical appointment scheduling system with authentication, email automation, and appointment management. Built using Node.js, React, Vite, and Firebase.

Artistfy

- Web application for searching artist data on Spotify, viewing tracks and albums, and generating/exporting reports in Excel and PDF using public data from the Spotify Web API.

Personal Portfolio

- Developed as part of my front-end consolidation process, using React, Vite, and Tailwind CSS. Designed to provide a clear and straightforward user experience, with a strong focus on responsiveness, visual consistency, and UI best practices.

EDUCATION

Technical Degree in Systems Analysis and Development

Jul 2025 – Jan 2026

UNICORP

Associate Degree in Information Security and Cyber Defense

Jan 2026 - Present

INFNET — 1st semester

TECHNICAL SKILLS AND TOOLS

- JavaScript (ES6+)
- HTML5, Tailwind CSS, React, Next.js
